

## Mineral Mines in Queensland

Project	Resource	Location
1. Bajool	Limestone	50 km south south-east of Rockhampton
2. Balcooma/Mount Garnet	Copper, Zinc, Lead, Silver, Gold	40 km north west of Greenvale/Mount Garnet
3. Bauxite Hills (Under development)	Bauxite	90 km north of Weipa
4. Calliope	Limestone	30 km south of Gladstone
5. Cannington	Silver, Lead, Zinc	140 km south south-east of Cloncurry
6. Cape Flattery	Silica sand	220 km north of Cairns
7. Capricorn Copper (Mount Gordon) (Under development)	Copper	115 km north of Mount Isa
8. Chillagoe	Marble	Environs of Chillagoe
9. Charters Towers (Care and maintenance)	Gold, Silver	Charters Towers
10. Cracow	Gold, Silver	3 km west of Cracow
11. Dugald River	Zinc, Lead, Silver	65 km north west of Cloncurry
12. East End	Limestone, Clay	30 km west of Gladstone
13. Eloise	Copper, Gold	60 km south east of Cloncurry
14. Enterprise	Rutile, Ilmenite, Zircon	50 km east of Brisbane – North Stradbroke Island
15. Ernest Henry	Copper, Gold,	38 km north east of Cloncurry
16. Far Fanning (Under development)	Gold	45 km north east of Charters Towers
17. George Fisher/Handlebar Hill	Zinc, Lead, Silver	19 km north of Mount Isa
18. Goondicum (Care and maintenance)	Ilmenite, Feldspar, Apatite, Titanomagnetite	110 km south of Gladstone
19. King Vol	Zinc	45 km north west of Chillagoe
20. Kunwarara	Magnesite	60 km north west of Rockhampton
21. Lady Annie	Copper (cathode)	100 km north north-west of Mount Isa
22. Lady Loretta (Care and maintenance)	Zinc, Lead, Silver	115 km north north-west of Mount Isa
23. Leichhardt	Copper (cathode)	110 km north north-east of Mount Isa

<b>24. Lorena</b> (Under development)	Gold	15 km east of Cloncurry
<b>25. Merlin</b> (Care and maintenance)	Molybdenum, Rhenium	100 km south of Cloncurry
<b>26. Miles</b>	Bentonite	30 km north of Miles
<b>27. Mount Carbine</b> (Care and maintenance)	Tungsten	90 km north west of Cairns
<b>28. Mount Carlton</b>	Gold	45 km north west of Collinsville
<b>29. Mount Colin</b> (Care and maintenance)	Copper	50 km west of Cloncurry
<b>30. Mount Isa/Black Star</b>	Copper, Zinc, Lead, Silver	Mount Isa
<b>31. Mount Moss</b> (Care and maintenance)	Magnetite	105 km west north-west of Townsville
<b>32. Mount Rawdon</b>	Gold, Silver	80 km west south-west of Bundaberg
<b>33. Mount Ruby</b>	Magnetite	18 km west north-west of Ravenshoe
<b>34. Mungana</b>	Polymetallic	15 km north west of Chillagoe
<b>35. Osborne/Kulthor</b>	Copper, Gold	150 km south of Cloncurry
<b>36. Pajingo</b>	Gold, Silver	60 km south south-east of Charters Towers
<b>37. Phosphate Hill</b>	Phosphate rock	140 km south south-east of Mount Isa
<b>38. Port Alma</b>	Salt	40 km south east of Rockhampton
<b>39. Ravenswood/Mount Wright</b>	Gold, Silver	95 km south of Townsville
<b>40. Rocklands</b>	Copper, Cobalt, Magnetite, Gold	17 km west north-west of Cloncurry
<b>41. Thalanga/West 45</b>	Polymetallic	65 km south west of Charters Towers
<b>42. Urquhart Point</b> (Under development)	Bauxite	3 km south west of Weipa
<b>43. Warwick/Riverton</b>	Limestone	20 km and 105 km south south-east of Warwick
<b>44. Weipa/Amrun</b>	Bauxite	Weipa
<b>45. Wirralie</b>	Gold	26 km north north-west of Mount Coolon
<b>46. Wolfram Camp</b>	Tungsten, Molybdenum	90 km south west of Cairns
